github.com/Aman-746

I am a tech geek, I love developing websites and problem solving. I have learned frontend and some part of backend. I love competitive coding, listening music and sometimes make memes to entertain people.

## EDUCATION

12th

DPS public school, Gaya

03/2017 - 03/2019

Percentage - 80.6%

B.TECH

Jabalpur Engineering College, Jabalpur

07/2020 - Present

CGPA - 7.90 (till 6th sem)

## PERSONAL PROJECTS

Crypto currency datas using coingecko api  
(05/2023 - 05/2023)

- This website is made using Chakra UI to make it more interactive and also coingecko real time api is used to fetch data related to exchanges and coins and then also by using Chartjs you can see the price of that coin in a chart of past D days
- <https://crypto-coin-exchange.vercel.app/>

Video Player Website (05/2023 - 05/2023)

- This project name is Video Hub. I have made this using Chakra UI, you can upload any video and there are several videos in it which you can watch on clicking it. There is an interactive sidebar in it and also sign up and log in button.
- <https://videohub-lemon.vercel.app/>

Covid Tracker App (11/2022 - 11/2022)

- Made this using html, css, js, reactjs and real time API which shows the current datas about covid cases in each city or state or country
- <https://aman-746.github.io/covid-tracker/>

Analog Clock (07/2022 - 07/2022)

- Made analog clock using javascript which shows the time as per Indian standard
- <https://aman-746.github.io/AnalogClock/>

Weather App (01/2023 - 01/2023)

- Weather App using NodeJs, ExpressJs and ReactJs. Bootstrap for responsiveness and real time API.

## WORK EXPERIENCE

Technical head  
kaarwaa.N

01/2023 - Present

Jabalpur

Kaarwaa.N is a non governmental organization which serves so many poor students by teaching them and we do a lot of environmental work like plantation, swachhta abhiyan, cloth distribution. Volunteers prepare students for several government exams like Navodaya, Gyanodaya, Eklavya

Achievements/Tasks

- I see the website of Kaarwaa.N and handle all technical things

## SKILLS

HTML
